

Jindee

Information Pack

JINDEE

Our Homes

Your Jindee Home will be beautiful and individual, reflecting a contemporary and classic style. With influences from Perth's beautiful coastal suburbs such as Fremantle, Cottesloe and Rottneest. The Jindee architecture will be timeless, using materials that will be enriched by the patina of age and creating an appeal and beauty to be enjoyed by generations to come.

WHAT ARE THE JINDEE ARCHITECTURAL STANDARDS?

The Jindee Architectural Standards take the place of the 'Design Guidelines' common with other estates and govern the home designs in Jindee.

Jindee is designed to be a coastal village, which nothing of its like has been seen in Australia before. When you are in Jindee you will know this, not only by our considered planning, our walkable tree lined streets, shady parks and open spaces... but also by our architecture.

A PLACE TO RELAX

Your front verandah will become the welcoming entrance to your home and provide a connection to the activity and life beyond your home. Prefer your privacy? Beautiful screening and/or planting allows you an aspect without others seeing in.

Verandahs can be maximised to be a more functional and livable space by adding wide opening doors from your living area, creating an all seasons oasis to the front of your home.

A PLACE TO BE PROUD OF

Your Jindee home is finished with high quality materials to ensure a superior finish. The addition of detailing to the front elevation and the broad range of quality materials and colours outlined in the Jindee Material and Colour Palette add to the high end finish of your Jindee home.

The Jindee Colour Palette reflects the colours of the Western Australian coast and takes influence from our local surrounds.

A PLACE FOR EVERYTHING

By allowing the front of your home pride of place and positioning the garage to the rear, we are able to reduce the limitations of garaging. A Jindee garage could be the full width of the block, include a large store, additional parking or workshop. The options are endless.

A SAFE PLACE

No garages to the front, means no driveways and no crossovers allowing the Jindee residents to walk our footpaths without fear of incoming or reversing vehicles.

Having a living space to the front of the home means more eyes on the street, keeping your family safe and secure in their Jindee home.

A PLACE OF BALANCED PROPORTIONS

The Jindee homes boast a minimum 32 course external wall height, adding height and creating balance. This also provides for high internal ceilings to the front of the home creating spaciousness, character and value.

A PLACE TO CONNECT

Your home will sit proud on the Jindee streets giving an elevated aspect from the street and allowing a connection from the verandah space to the street below.

SEE FOR YOURSELF

The Jindee Display Village is now open with a variety of Jindee homes ready to view.

There is also a wide selection of Jindee Brochure homes available to view in our office and online. Our Jindee Brochure homes are designed in collaboration with our recommended building companies and come ready for you to add your personal touches.

A RARE COASTAL ADDRESS, MOMENTS FROM THE SHORELINE

Release 8 introduces an exclusive collection of lots positioned just 350 to 650 metres from the future Jindee foreshore — where the ocean breeze drifts through leafy streets and everyday life unfolds at a gentler pace.

This release offers a carefully considered range of lot sizes from 270m² to 595m², designed to support refined coastal homes that respond to light, landscape and proximity to the sea.

With limited availability and strong demand for premium coastal land, we invite you to register your interest to receive priority information, pricing updates and release details anticipated from mid to late 2026.
